Before cutting out the two pieces, lightly score between the Outer Layer's circles and below the Inner Hanger's flaps.

Cut out both pieces. Fold flaps inward.

Leaving the flaps free, tape the Inner Hanger onto the back side of the Outer Layer.

Tape the Outer Layer's side tab inside the Inner Hanger.

Fold the Inner Hanger's flaps down toward the Inner Hanger, forming a triangle.

Loop and tie the ends of a ribbon to make a hanger. Tape onto the top of the folded flaps. Fold the center and tape together.

Inner Hanger

Outer Layer

Tab: Tape to inside.
